We Spirit Clothing continued working to make our workplaces safer, healthier and more sustainable for the benefit of the whole society. Our Manufacturing Units are fully protected with all health & Safety hazards and compliances with local & International Certification bodies and Scaling up our sustainability and social impact, we are collaborating with the very best in the world.

In 2020, Spirit Clothing become a Member of the World leading ethical trade membership organization, SEDEX (Supplier Ethical Data Exchange) and working to improve working condition in global supply chain.

Clothing is an integral part of our lives and green or environmental concerns have started to draw more and more attention in the textile and clothing sector. We will never stop here and In future will be part of below program in order to point out important points and parameters for greening the Textile industry.
